THE DIRECTOR OF
CENTRAL INTELLIGENCE

National Intelligence Council

18 November 1982

NOTE FOR: Mr. Rowen

A month ago we discussed sanitizing the attached for distribution through Commerce to the US business community. After a goodly struggle with [redacted] who heads up the appropriate branch, I am convinced that it can not be done. The assessment is three-fourths classified. The sanitized version would be inferior to overt material already circulating in the computer industry.
